M.1 (c)	(c) Responsibility. In accordance with FAR Subpart 9.1, <i>Responsible Prospective Contractors</i> , and DEAR Subpart 909.1, <i>Responsible Prospective Contractors</i> , the Procuring Contracting Officer (PCO) is required to make an affirmative determination of whether a prospective contractor is responsible. The PCO may, if necessary, conduct a pre-award survey of the prospective contractor as part of the considerations in determining responsibility. In the absence of information clearly indicating that the otherwise successful Offeror is responsible, the PCO will make a determination of non-responsibility and no award will be made to that Offeror; unless, the apparent successful Offeror is a small business and the Small Business Administration issues a Certificate of Competency in accordance with FAR Subpart 19.6, <i>Certificates of Competency and Determinations of Responsibility</i> . The responsibility determination includes a finding that award of the Contract to the Offeror will not pose an undue risk to the common defense and security as a result of its access to classified information or special nuclear material in the performance of the Contract, as prescribed in Section L 12 (DEAR 952.204-73, <i>Facility Clearance</i>) which requires submission of specific information by the Offeror related to foreign interests.
