

United States Department of Energy

Synopsis / Pre-Solicitation Notice

Small Business Nationwide Deactivation, Decommissioning and Removal Procurement

This notice provides an update to the synopsis posted on February 22, 2023 in accordance with FAR Subpart 5.2 for the Small Business Nationwide Deactivation, Decommissioning and Removal (DD&R) procurement.

DOE anticipates the issuance of the Final RFP for the subject procurement within 45 days of the notice posted on February 22, 2023. A Draft RFP will not be issued for the subject procurement. DOE is not requesting proposals as part of this notice. Interested parties shall submit a proposal only in response the Final RFP, once issued.

The scope of this procurement encompasses DD&R of excess, legacy facilities across the United States, as well as associated waste management and program support activities.

The DOE EM Nationwide DD&R procurement will be conducted as a small business set aside procurement under NAICS code 562910, Environmental Remediation Services, with a size standard of 750 employees.

Interested parties are encouraged to continue to monitor the Small Business Nationwide DD&R procurement website at: <https://www.emcbc.doe.gov/SEB/SBNDDR>.
